BarcelonaBeta Brain Research Center, Hospital del Mar Research Institute, University of Utrecht

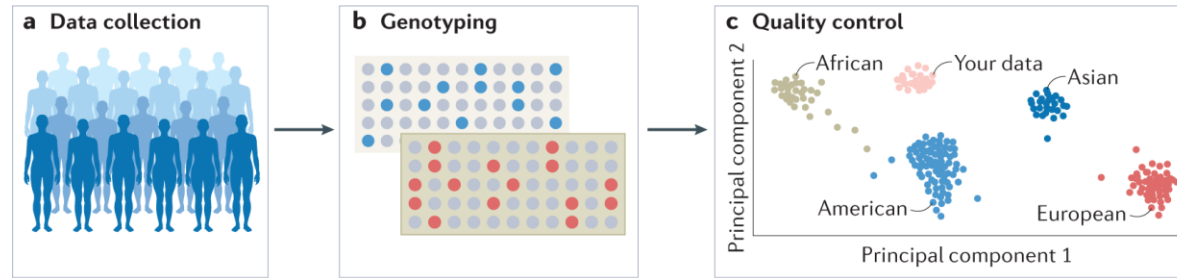

## 25 YEARS AGO...

### February 2001:

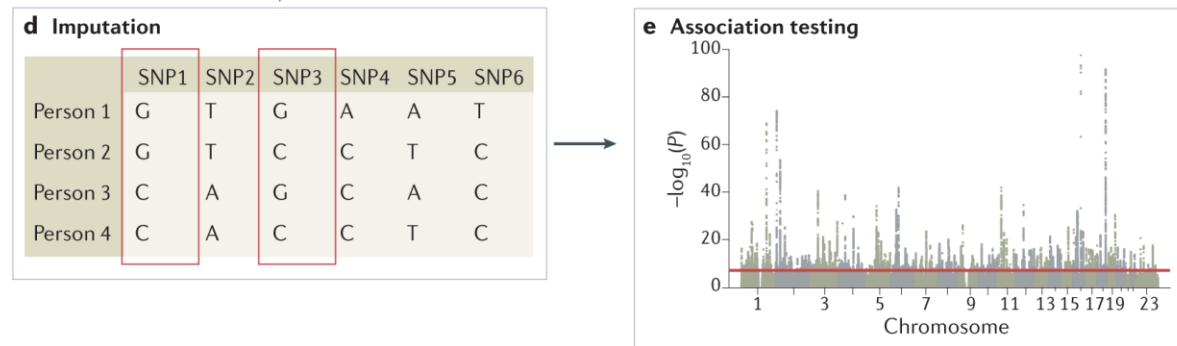

International Human Genome Sequencing Consortium announced they had **a map of the human genome.**

Interested in variations which make us different to each other: that **differently predispose us to a disease**

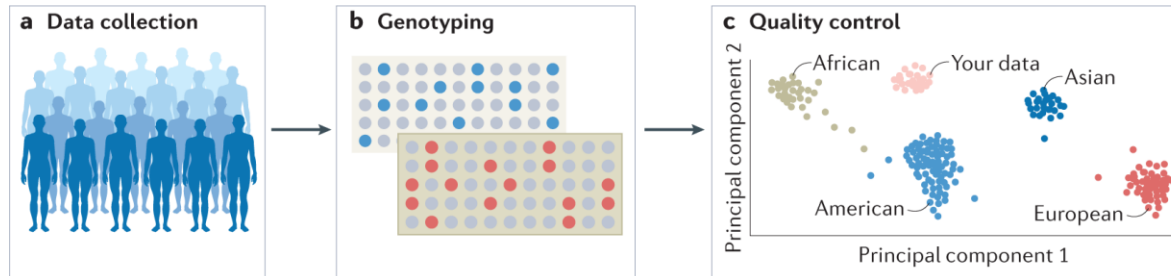

## Step 1

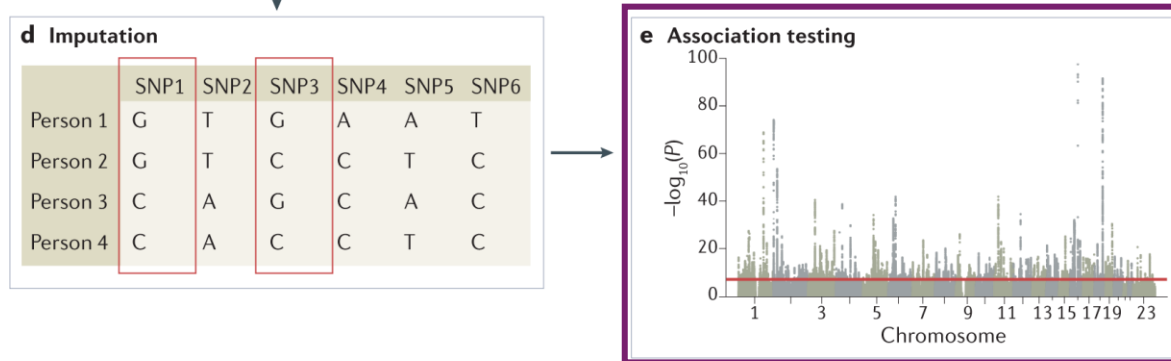

## Step 2

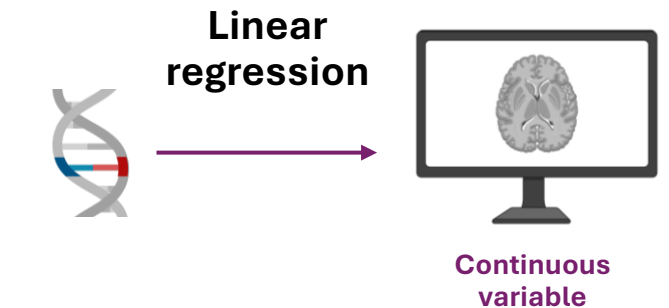

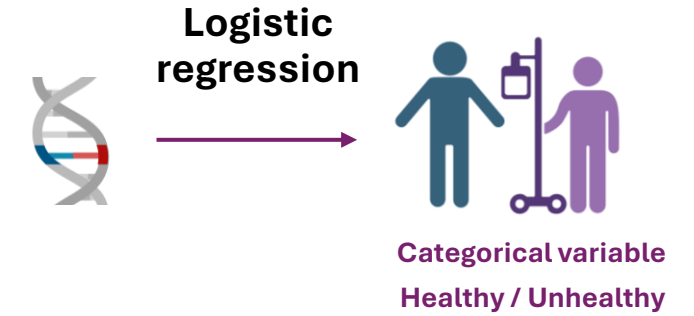

## Step 1

## Step 2

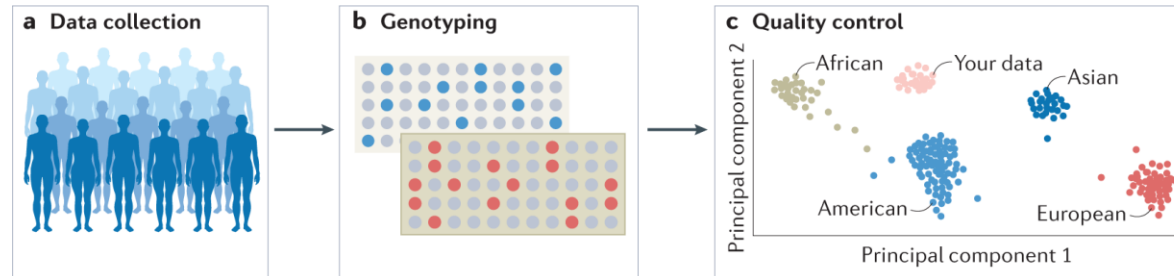

## SNP

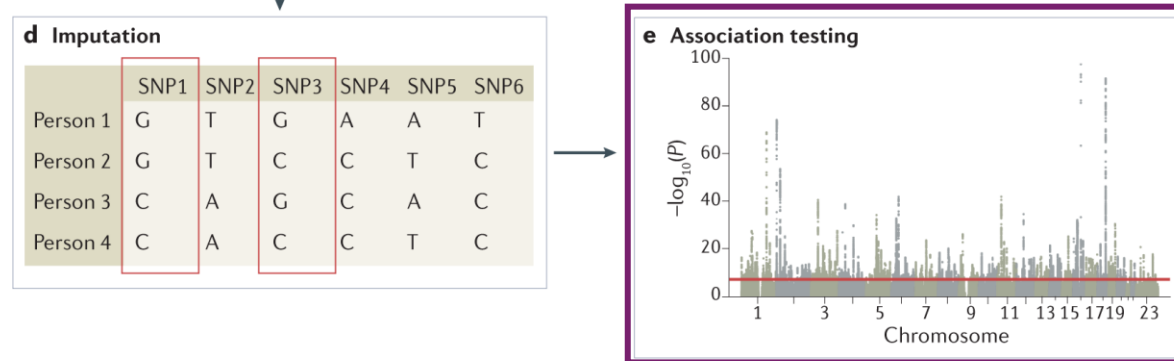

Predict how **each single SNP** impacts a single outcome

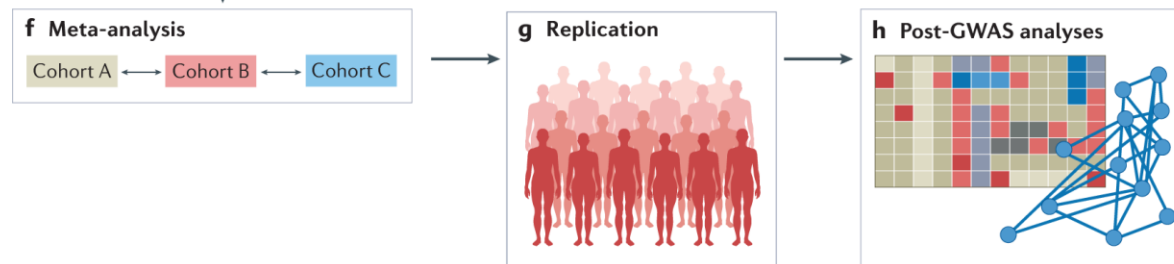

## Step 1

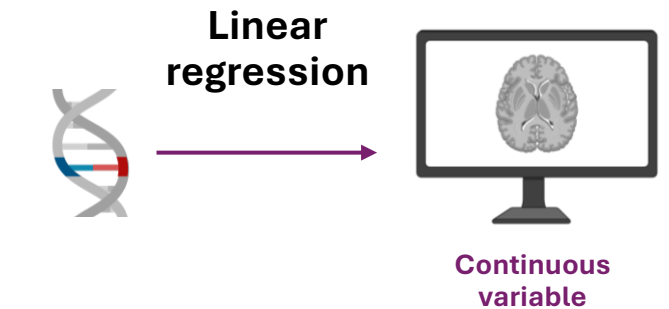

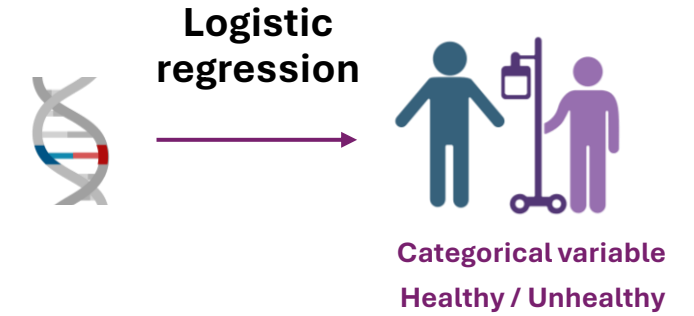

## Step 2

## Step 3

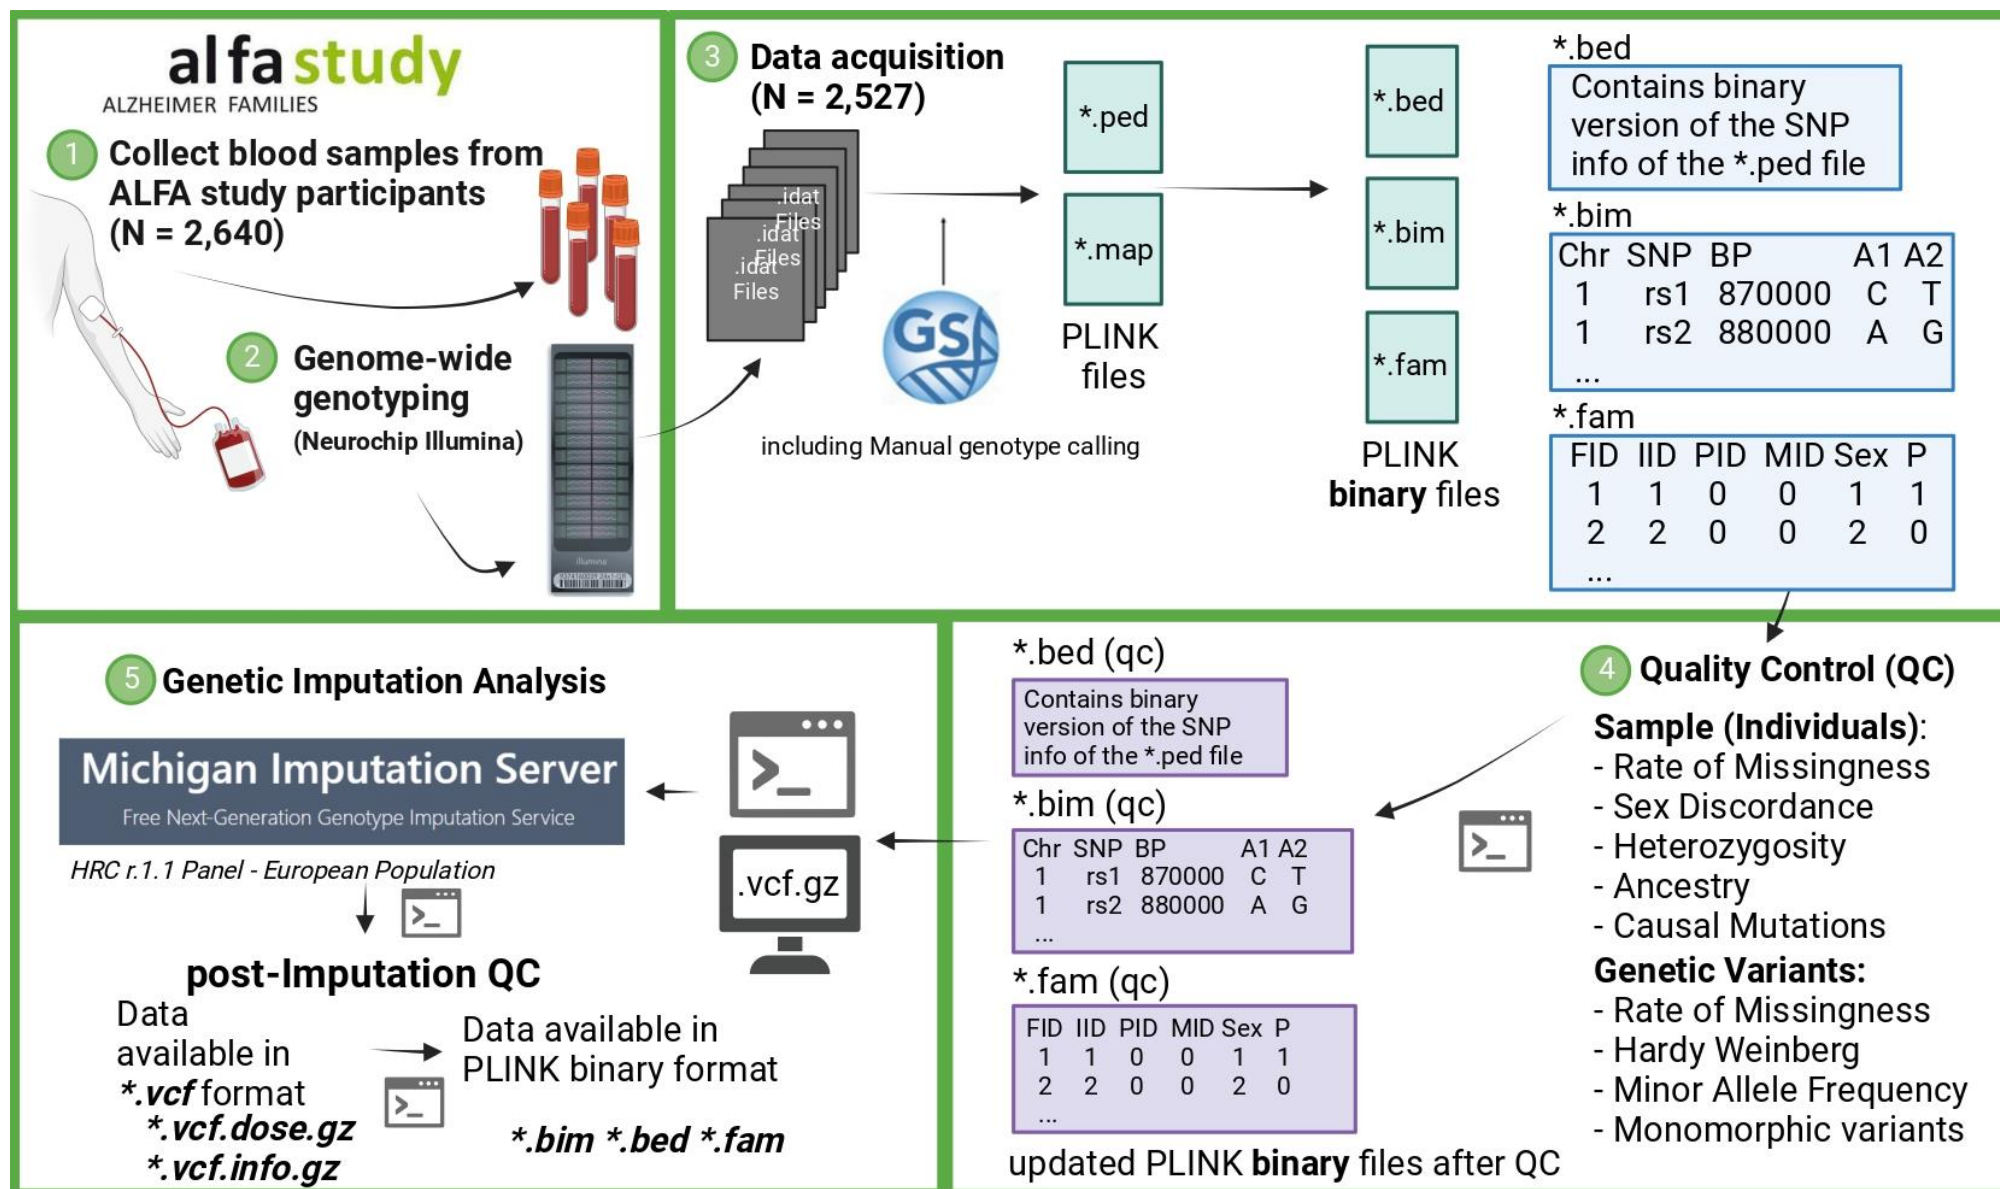

## SNP

Predict how **each single SNP** impacts a single outcome

Questions?

# Thank you
